My Darling Precious Wifie:-

Just received your darling Wednesday's letter, and can hardly describe to you how happy I was that Mondear is improving so nicely. Poor Mondear! She sure suffers, and honey love, my heart goes out to her. If I can only do something already, so that she can be here. I am still on the outlook for something, and I am quite sure that pretty soon, please God, we will all be together and I will be able to take good care of her. Often times I feel as if I would enjoy a good cry, when I think of how the family is broken up, but I simply can't. I can assure you of this much, we will look try our best for poor Mondear, won't we love? Even now you are so wonderfull towards her! Honey love, I received a letter from Rose just now, and dearest, I can tell you, that I will surely care for Rose as I will for Mondear. She certainly is one of the most wonderful girls there are. I can't write her very much on account of Lolly, but she says he is terrible. I wanted to write him something that he will remember, but Rose admonished me not to. Poor love, he's rotten. So you tell Rose, that anything of importance, such as finding a place here for the family, I'll only write to you, and then you will let her and Mondear know, until you leave. Honey, I sure am glad you ignored Tante Rose and Uncle Jack. I am sure that if you did that, there is a very good reason for it, and therefore glad you did it. I sure was glad to read that everything is going along nicely. In the meantime, honey love, I'm on the outlook for something for Mondear, so tell her not to worry and take things easy. Give her my love and wishes for a speedy recovery. I sure do miss her, too. Oh, well, please God, everything will come out O.K. in God's own time. Again, lovie, tell her to take good care of herself and I am sure she will be alright.

Honey love, please God, 2 weeks from the

time of writing, you will be here with me. Tootsie love, you have no idea how happy I am to think that the time is so short. I am having everything attended to, lovie, so have no worry. I believe you know by now that I am taking the upper apartment at Uncle Morris's. You'll have a nice bath; the shower bath, too, when that's put in. All in all, love heart, I am sure we'll have a nice little comfortable home, so darling mine, you needn't worry about the bath. Remember, too, Tootsie, that we will have electric and gas lights, in addition, so you see we will have a nice home, eh?

Honey love, how are you feeling? How are you in general health? Oh, Tootsie mine, how I long and yearn for you! Hard God, the time is short, and I hope and pray that God will force me so that we can be together again.

Darling, will leave to close now with all my love to you, my precious wife, and with all my hugs and kisses,

Ever lovingly yours only

Joe
